Comments:

2/8/99 - phone call w/SITLA - Lease has been dropped. No disturbance at this site. Operator could not obtain access to site - Cattlemen's Assn. would not let him cross property. As per operator's 1998 annual report that his lease was dropped and wants DOGM to drop this from "report list" DOGM closes this file. If access is gained, then a new notice will have to be submitted, fees paid and written approval granted.

3/3/99 - Request to inspect and close file. After checking with SITLA it was confirmed that the lease was cancelled and no disturbance associated with the site. DOGM closes file.
